

Countdown to the 10th Annual St. Agnes Art & Science Fair

Tuesday, February 28, 2012-6:30 p.m.

The Art & Science Fair is coming and NOW is the time to start thinking about your project. Not sure if you want to do a project this year? Make it even more fun and do a project with a friend! Here are some ideas to help inspire you!

Art Ideas

Potato prints: Cut a potato in half and cut a shape or a design into flat cuts, then using tempera or acrylic paints use the halved potato as a stamp and create a pattern or design.

Still-life: Gather vegetables, fruit, flowers or a favorite object, draw using pencils, crayons or markers. Stick to simple shaped objects. Even one object can make a great picture.

Family portrait: Draw a picture of your family or a portrait of your pet.

Landscape: Draw your favorite place, an outdoor area or your own house!

Sculpture: Make a sculpture. Try out clay, paper mache' or even other materials such as metal or wood. What other materials could you use? The possibilities are as far as you imagination can soar!

Science Ideas

Will vitamins affect the growth of a plant?

How does an earthworm react to light and darkness?

What kind of metal conducts heat best?

Which detergent makes the most bubbles?

Does the moon rise every night at the same time and the same location?

For more ideas, there are some great sources in the school library or on the internet. Check it out!

To enter the Art and Science Fair project, please request an application packet which will provide more details and guidelines for acceptable project. **For grades K-5, an application must be approved for either an art and/or a science project to be entered.** (The application will give us an idea of what we need to set up for.) Application packets will also be available on the St. Agnes website. Any questions? Please contact Jennifer De Freitas at 680-8712 jendef1@comcast.net. or Margaret Bettencourt at 680-0449 bettencourt4@sbcglobal.net We can't wait to see you and your project at the Fair!

Art & Science Fair Packet Request

Return below for application/information packet. **Due by February 17, 2012.** (If more than one student, include name/grade below.)
