

DIRECTORY ADVERTISING

2023-24

Each year, we offer local and family businesses the chance to publish their business card in the back of the school directory. Advertising of this type helps offset the cost of publishing the directories, and helps our families learn about your business.

If you are interested in advertising your business, please attach your business card to this form along with a check made payable to St. Agnes School in the amount of \$15.

If you prefer to provide a digital copy of your business card, please contact the school office for more information.

Thank you!
