

## Principal's Thoughts

Blessings upon each of you as you attend parent teacher conferences either today or tomorrow. This annual meeting is an opportunity to share successes and areas for growth for your child to enhance their learning this year. Catholic schools hold conferences now rather than in May to be proactive. Creating a plan together early in the year sets a path for success and lets your child know you are partnering together for their benefit. The benchmark STAR testing results have been shared with all parents with children in grades 1-8. Please know these assessments have been "re-normed" due to the pandemic and the impact this event had on student learning. This information is one component that is used to measure growth for your child. Daily class work and performance on summative assessments as well as their social development help give a more wholistic view of your child's learning and future success. I pray this time will be informative and lend itself to the beginning of a wonderful year of learning. At any time you feel another meeting is needed, please feel free to email the teacher to make an appointment.

#### • **Generosity**

- A big thank you to Christie Lawler (Nikko's grandmother) for donating all the True Story-Schwarz hot dogs and chips for our WAT. The children loved the lunch and the parents did a wonderful job on the BBQ! We appreciate you!
