SHE LEARNS LEADERSHIP MIDDLE SCHOOL GIRLS WORKSHOP

What does it really mean to be a *leader*? This interactive workshop, led by Carondelet's ASB and Student Activities Team, will help current 6th, 7th, and 8th-grade girls develop and grow their leadership skills, which can be used this school year and beyond!

Among the topic areas, participants will explore the true meaning of leadership, different leadership styles based on personality type, and also gain an understanding of how they can "lead" even without an official title on their campuses.

We are so excited for your daughters to join us for this inspiring event. Spaces are limited!
